REQUEST FOR TENDER

Mirrool Creek Restoration Project

Tenders are being called for a Revegetation/Restoration Specialist to carry out works on the Mirrool Creek Restoration Project from commencing April 2010 to November 2015.

The objective of the project is to re-establish local native wetland and terrestrial species appropriate to selected areas of the creek. This will involve fencing, weeding, ground preparation, direct seeding and tubestock planting.

Contractors may tender for one component of the restoration project such as the fencing component or may tender for the complete project.

A Contractor's Brief is located on Murrumbidgee Irrigation's (MI's) website **www.mirrigation.com.au** or can be obtained from reception at MI's Griffith or Leeton Office.

Closing date: 2.30pm, 25 February 2010.

Tender Box, Mirrool Creek Restoration Project
Murrumbidgee Irrigation Limited
PO Box 492, Griffith NSW 2680

Or deliver to Tender Box, Murrumbidgee Irrigation reception,
