WATER FOR GENERAL SECURITY

Murrumbidgee Irrigation (MI) is pleased to advise a starting allocation for MI general security (GS) entitlement holders of 14%.

MI's announcement is 5% higher than that announced today by NSW Office of Water (NOW) for the Murrumbidgee Valley.

"Our announcement has been made in line with Company policy on sharing water savings," MI's Managing Director Brett Tucker said. "It is a critical time for customers considering growing summer crops and today's announcement will assist with those business decisions."

All water announced is available for use or trade.
