

How to check usage

Navigate to Property

The screenshot shows the MI Connect Home page. The left sidebar contains a navigation menu with 'Property' highlighted in a red box. The main content area features a 'Home' header, a 'CREATE ORDER' button, and a 'My Orders' calendar. Below the calendar is a 'Usage by Property' chart showing usage for properties 1000101 and 2162807. A red arrow points to this chart. To the right is a 'Current Flow' section.

Property	Used (ML)	Remaining (ML)
1000101	195	805
2162807	186	814

Select Property

The screenshot shows the MI Connect Property page. The 'Property' dropdown menu is open, showing a list of property IDs. The ID '1000101' is selected and highlighted in a red box. The main content area displays a 'Usage' chart for the selected property, showing 195 ML used (20%) and 805 ML remaining (81%).

Category	Value (ML)	Percentage
Used	195	20%
Remaining	805	81%

Select Entitlement Type

The screenshot shows the MI Connect Property page. The 'Entitlement Type' dropdown menu is open, showing 'Total Usage' selected and highlighted in a red box. The main content area displays the 'Usage' chart for the selected property and entitlement type, showing 195 ML used (20%) and 805 ML remaining (81%).

Category	Value (ML)	Percentage
Used	195	20%
Remaining	805	81%

Hover for Usage Amount. The green indicates water that has already been delivered.

The screenshot shows the 'Property Usage' page for property 1000101. The 'Usage' section is selected, showing a bar chart for 'Total Usage'. The chart has a legend with 'Used' (green) and 'Remaining' (blue). A red box highlights the green bar representing 'Used' water, which is 195 ML (20%). A tooltip for the green bar shows 'Used 195 ML' and 'Remaining 805 ML'. The x-axis is labeled 'ML' and ranges from 0 to 1,000.

Hover for Remaining Amount. The blue indicates remaining available water.

The screenshot shows the 'Property Usage' page for property 1000101. The 'Usage' section is selected, showing a bar chart for 'Total Usage'. The chart has a legend with 'Used' (green) and 'Remaining' (blue). A red box highlights the blue bar representing 'Remaining' water, which is 805 ML (80%). A tooltip for the blue bar shows 'Used 195 ML' and 'Remaining 805 ML'. The x-axis is labeled 'ML' and ranges from 0 to 1,000.
