2017 NEW YEAR KICK-OFF

2017 is planned to be a big, busy and exciting year!

All Case Managers will be out and about in full force from Monday 9 January 2017 booking in one-on-one engagements with all their proponents to run through the design and material supplier selection process and assist where possible.

PROPONENT WORKSHOPS FOR DESIGN & MATERIAL SUPPLIER SELECTION

Thank you to all the proponents who attended the Design and Material Selection Phase workshops which were held at Gunbar Church Hall fortnightly from Wednesday 16 November to 14 December 2016; the turn out was great bringing together many proponents.

After each workshop a number of different Panel of Providers for on-farm material supplies showcased their materials.

Many proponents took the opportunity to meet & greet, chat and ask any questions relating to their products.
