

Eligibility for a Temporary Pumping Permit

A Temporary Pumping Permit is required if you are accessing water directly from an MI channel. If you select Yes to all of the following questions, please complete the application below.

Are you a current irrigation customer? Yes No

Do you have access to a channel? Yes No

Will you be washing down a harvester or filling a spray tank? Yes No

Will you use less than 0.5ML for this purpose this season? Yes No

If you answered No to any of the above questions, please discuss with our Customer Service staff on (02) 6962 0200.

Temporary Pumping Permit Application - Permit Expires 30 June 2024

1. Customer details

Full name(s)

Landholding Reference Number(s)

2. Temporary Pumping Permit - Terms & Conditions

- You must hold a Water Delivery Contract with MI and not currently be in default under that Contract in order to access this Permit.
- This Permit is valid until 30 June 2024.
- There is a limit of one Permit per property.
- This Permit permits a maximum total pumping of 0.5 ML (500,000 Litres).
- This Permit allows water to be pumped solely for spray tank filling and harvester washdown.
Note: harvester washdown should be conducted at least 15 metres from any MI works and washdown water must not enter any MI works.
- MI does not guarantee that water will be available in its works in order for you to use this Permit.
- The Permit Tag must be attached to your pump hose and be visible to enable inspection by MI staff.
- Misuse or breach of these conditions will result in cancellation of this Permit.
- These terms and conditions are in addition to your Water Delivery Contract and MI's Rules and you must also use this Permit in accordance with those conditions.
- Domestic/Hobby Farming purposes are not permitted.

3. Signed for and on behalf of the Customer
